Project Name	Smart Fashion Recommender Application

Step 1: Navigate to <https://sendgrid.com>

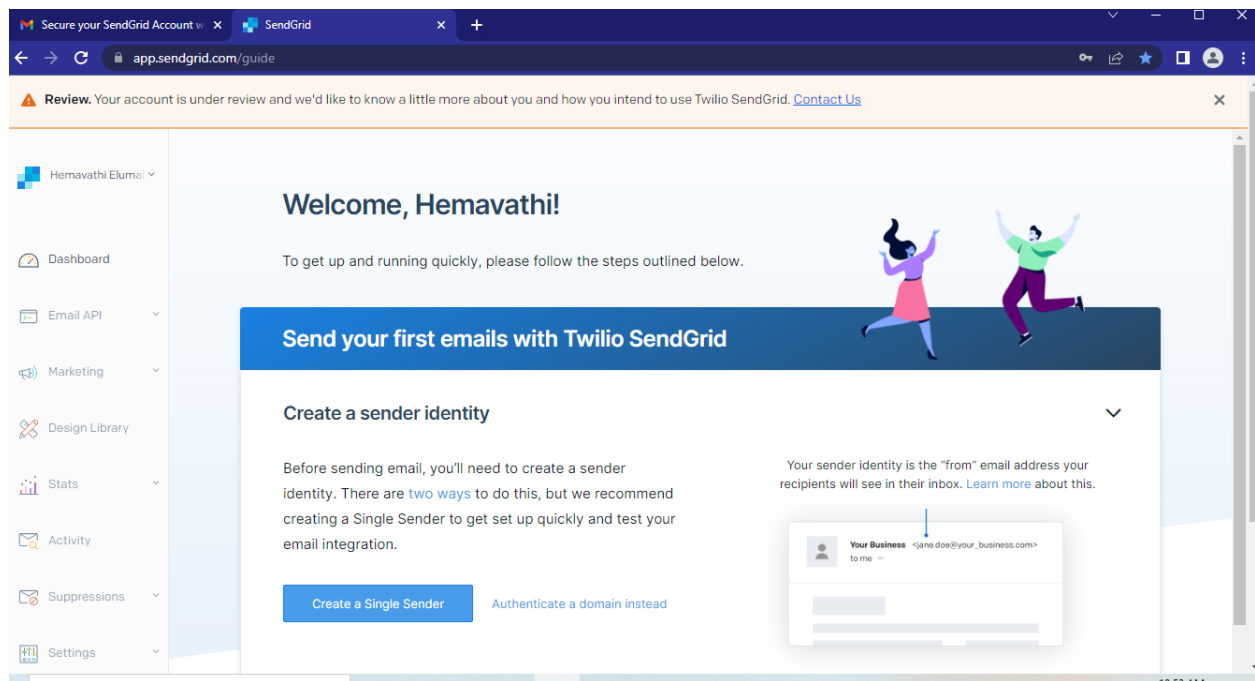

Step 2: click on **“start for free”** and register yourself by entering required details and click on create an account.

The screenshot shows the Twilio SendGrid login page in a web browser. The browser's address bar displays 'app.sendgrid.com/login'. The page features the Twilio SendGrid logo at the top. Below the logo, there are input fields for 'Username' (containing 'hemavathi200214@gmail.com') and 'Password' (masked with dots). A 'Forgot your password?' link is positioned to the right of the password field. A blue 'Log In' button is centered below the fields. At the bottom, there is a link that says 'Log in with single sign-on (SSO) instead'.

Step 3: Now we have create an account in Sendgrid and got access to Dashboard.

The screenshot shows the Twilio SendGrid dashboard. At the top, a notification banner reads: 'Review. Your account is under review and we'd like to know a little more about you and how you intend to use Twilio SendGrid. [Contact Us](#)'. The left sidebar contains a navigation menu with items: 'Hemavathi Elumai', 'Dashboard', 'Email API', 'Marketing', 'Design Library', 'Stats', 'Activity', 'Suppressions', and 'Settings'. The main content area has a 'Welcome, Hemavathi!' heading followed by the text 'To get up and running quickly, please follow the steps outlined below.' Below this is a large blue banner that says 'Send your first emails with Twilio SendGrid'. Underneath the banner is a section titled 'Create a sender identity' with a downward arrow. The text in this section states: 'Before sending email, you'll need to create a sender identity. There are [two ways](#) to do this, but we recommend creating a Single Sender to get set up quickly and test your email integration.' At the bottom of this section are two buttons: 'Create a Single Sender' and 'Authenticate a domain instead'. To the right, there is an illustration of two people running and a diagram showing an email header: 'Your Business <jane.doe@your_business.com>' with an arrow pointing to the 'from' field.
